A New Voice for Inverness

For 20 years, my family and I have made Inverness our home. Because this community has so enriched our lives, I think it's important to give back. While I have run my own business through much of my career, I've also been consistently committed to volunteering on behalf of many groups and organizations serving our community. As a Trustee I will use that background to uphold the values and maintain the quality of life that make Inverness so special.

Why I'm Running

I believe we are all obligated to serve. Inverness has been good to my family and I, and I want to do my part to secure the future of this great community for the next generation of families. Inverness has a tremendous spirit and sense of community that we need to preserve through leadership, vision and creative solutions to municipal issues. I'm committed to listening, learning and serving all of you.
